

STUDY PLAN

BACKYARD TICK TREATMENT

INSPECT YARDS

We visit your yard to confirm that the study area is suitable

May 13

May 28-31

CHECK FOR TICKS APPLY TREATMENT

We visit your yard. We will look for ticks by pulling a white fabric over the lawn. Afterwards we will apply treatment or mock water treatment (placebo).

CHECK FOR TICKS

We visit your yard. We will look for ticks by pulling a white fabric over the lawn. This should take less than 30 minutes.

June 3-7

June 17-21

CHECK FOR TICKS

We visit your yard. We will look for ticks by pulling a white fabric over the lawn.
